WORLD BLOCKCHAIN BANK an AI-native financial infrastructure ecosystem, operating under FINCEN MSB: **31000286291846**, created and operating within the World Blockchain Bank™ infrastructure ecosystem. For value of \$100.00 received, the issuer hereby promises to pay to the registered Infrastructure Participant under Transaction Hash No: 0xc3296b6997ea909345b986382b915277911b4e2cddd6f15f7234f8c1273664ed or its assign, the sum of one hundred US Dollar, (\$100.00) payable through approved fiat, stablecoin, or programmable settlement infrastructure supported by the Issuer, bearing a fixed annual infrastructure participation yield of five percent (5%), payable in accordance with the terms and settlement provisions of this issuance.

All principal and interest payments on this RALI™ Note shall be made without deduction of any tax or assessment the obligor its successors or assigns may be required to pay, deduct or retain under any present or future law or regulation enacted by the United States of America or any political subdivision thereof.

This RALI™ Note issued in pursuance of and according to the terms of, and is secured by those certain assets, such as Blockchain Trusts, domain assets acting as the root identity, land, real estate and assignable benefits generated from smart contracts for the purchase of all digital identity assets, including Web4 DomainLink™ identities, real estate projects and royalties duly held by the maker hereof, who pledges all said royalties and policies receipts, stock properties, equipment and technical licenses held to the payment of this RALI™ Note.

**Execution & Settlement Clause:** This RALI™ Note is executed and serviced through identity-based financial infrastructure, where Registry-Anchored Legal Identity (RALI) functions as the issuer profile, routing layer, and settlement mechanism. All payments, transfers, and obligations are executed through smart contract systems and domain-based identity routing, reducing dependency on intermediary settlement coordination.

## LIMITATION OF LIABILITY

The obligations associated with this Infrastructure Note are limited solely to the assets, infrastructure participation rights, operational systems, and settlement mechanisms expressly maintained by the Issuer pursuant to this issuance.

No director, officer, advisor, infrastructure administrator, or affiliated service provider shall bear personal liability solely by reason of their respective capacities.

This RALI™ Note is the entire agreement of the parties. This RALI™ Note is transferable only on the books of the maker upon surrender and cancellation of same, where upon a new registered RALI™ Note will be issued to the transferee in exchange thereof. **Settlement is executed through infrastructure, not intermediaries.**

This Infrastructure Note forms part of the Issuer's Economic Identity Infrastructure financing framework supporting:

- programmable settlement infrastructure,
- identity-linked transaction systems,
- enterprise execution environments,
- autonomous commerce architecture,
- routing and orchestration infrastructure,
- AI-native financial coordination systems,
- and associated infrastructure deployment initiatives.

---

## INSTRUMENT CLASSIFICATION

### Instrument Type:

RALI™ Registry-Anchored Legal Identity Infrastructure Note

**Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at [www.blockchaintrust.pro](http://www.blockchaintrust.pro)**

**Series:**  
Series 001

**Issuance Structure:**  
Private Placement Infrastructure Instrument

**Issuer:**  
WORLD BLOCKCHAIN TRUST INFRASTRUCTURE FUND I, LP

**Infrastructure Ecosystem:**  
World Blockchain Bank™

**Settlement Architecture:**  
Identity-Based Programmable Settlement Infrastructure

**PURPOSE OF ISSUANCE**

The proceeds associated with this Infrastructure Note may be utilized by the Issuer for:

- infrastructure deployment,
- settlement architecture expansion,
- DomainLink™ identity infrastructure,
- enterprise onboarding systems,

**Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at [www.blockchaintrust.pro](http://www.blockchaintrust.pro)**

- merchant infrastructure provisioning,
  - programmable routing systems,
  - real estate-backed operational infrastructure,
  - AI-native commerce infrastructure,
  - strategic infrastructure acquisitions,
  - treasury settlement architecture,
  - and associated ecosystem expansion initiatives.
- 

## **ECONOMIC IDENTITY INFRASTRUCTURE CLAUSE**

This Infrastructure Note is supported by the broader World Blockchain Bank™ infrastructure ecosystem, including:

- DomainLink™ identity infrastructure,
- programmable namespace systems,
- WorldBankPay™ settlement infrastructure,
- enterprise execution architecture,
- routing and orchestration systems,
- real estate-backed operational assets,
- digital infrastructure systems,
- associated intellectual property,
- and affiliated infrastructure participation rights maintained by the Issuer and associated infrastructure entities.

The Infrastructure Note participates within an identity-based financial architecture where authenticated digital identity functions as the coordination layer for programmable commerce, execution, routing, and settlement infrastructure.

---

## **PROGRAMMABLE SETTLEMENT & EXECUTION CLAUSE**

All servicing, transfer coordination, settlement administration, ownership registration, execution routing, and compliance administration associated with this Infrastructure Note may be administered through:

- programmable settlement infrastructure,
- identity-linked execution systems,
- digitally coordinated ledger infrastructure,
- smart contract administration systems,
- and automated compliance frameworks utilized by the Issuer.

**The Issuer may utilize:**

- blockchain coordination systems,
- digital ledger infrastructure,
- programmable settlement architecture,
- domain-linked identity routing,
- automated treasury systems,
- and AI-assisted operational infrastructure for administration of this issuance.

**Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at [www.blockchaintrust.pro](http://www.blockchaintrust.pro)**

Settlement is executed through infrastructure architecture rather than reliance upon traditional intermediary banking coordination alone.

---

## **INFRASTRUCTURE PARTICIPATION RIGHTS**

Subject to the definitive terms established by the Issuer, the registered Infrastructure Participant may be entitled to:

- principal repayment rights,
- fixed or variable participation returns,
- infrastructure-linked participation economics,
- programmable settlement rights,
- digital transfer participation,
- and associated infrastructure participation benefits established under the applicable issuance terms.

No rights of operational control, management authority, or governance participation are conveyed except where expressly granted in definitive issuance documentation.

---

## **TRANSFER & ASSIGNMENT**

This Infrastructure Note may be transferable only:

- pursuant to applicable law,
- subject to compliance verification procedures,
- and upon approval and registration by the Issuer or its designated administrative infrastructure systems.

Transfers may be administered through:

- programmable settlement systems,
- digitally coordinated transfer infrastructure,
- identity-linked routing systems,
- or associated administrative infrastructure utilized by the Issuer.

Upon approved transfer and registration, a replacement Infrastructure Note may be issued to the transferee.

---

## **COMPLIANCE & REGULATORY FRAMEWORK**

This Infrastructure Note is intended solely for private placement participation pursuant to applicable exemptions, private offering frameworks, and applicable jurisdictional compliance requirements.

Participation may be restricted to:

**Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at [www.blockchaintrust.pro](http://www.blockchaintrust.pro)**

- accredited investors,
- qualified purchasers,
- institutional participants,
- strategic infrastructure partners,
- or other eligible participants as determined by the Issuer.

Infrastructure Participants are responsible for:

- independent legal review,
  - tax compliance,
  - regulatory compliance,
  - and financial suitability determinations.
- 

## **LIMITATION OF LIABILITY**

No recourse shall be had for payment obligations associated with this Infrastructure Note against:

- directors,
- officers,
- administrators,
- advisors,
- affiliated infrastructure providers,
- technology coordinators,
- or individual representatives of the Issuer solely by reason of their respective capacities.

All obligations are limited exclusively to the assets, rights, infrastructure participation interests, and operational systems expressly maintained by the Issuer pursuant to this issuance.

---

## **DIGITAL INFRASTRUCTURE ADMINISTRATION**

The Issuer may maintain:

- digital ownership records,
- infrastructure participation ledgers,
- settlement coordination systems,
- compliance administration systems,
- and programmable transfer architecture through digitally coordinated infrastructure environments.

Digitally coordinated ledger systems maintained by the Issuer may serve as authoritative administrative records associated with this issuance.

## **INFRASTRUCTURE & OPERATIONAL DISCLOSURE**

The Issuer operates within an established infrastructure ecosystem supporting:

**Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at [www.blockchaintrust.pro](http://www.blockchaintrust.pro)**

- programmable settlement systems,
- identity-linked execution architecture,
- merchant onboarding infrastructure,
- enterprise orchestration systems,
- and AI-native commerce coordination environments.

**The World Blockchain Bank™ infrastructure ecosystem currently includes:**

- operational settlement architecture,
- deployed identity infrastructure,
- non-custodial execution systems,
- FINCEN-registered MSB infrastructure,
- programmable routing environments,
- and associated enterprise deployment frameworks.

**The primary objective of this Infrastructure Note issuance is to support:**

- global infrastructure expansion,
- enterprise onboarding,
- merchant deployment scaling,
- settlement infrastructure growth,
- and associated operational ecosystem development.

**Participation in this Infrastructure Note remains subject to:**

- market adoption dynamics,
- enterprise onboarding execution,
- evolving regulatory environments,
- operational scaling requirements,
- technological evolution,
- liquidity conditions,
- and broader macroeconomic conditions which may affect infrastructure deployment outcomes.

**No assurance is provided regarding:**

- future market valuation,
- liquidity availability,
- commercial adoption rates,
- or future financial performance.

Infrastructure Participants are encouraged to undertake independent legal, financial, and tax review prior to participation.

---

## **GOVERNING FRAMEWORK**

This Infrastructure Note shall be governed pursuant to:

- the definitive issuance documentation,

**Registered in the Blockchain International Corporate Registry, under Company Filing No. 00054720240722 and Document No. BICRA.2024.2207.5479363, which can be verified at [www.blockchaintrust.pro](http://www.blockchaintrust.pro)**

- applicable private placement frameworks,
  - and associated governing law provisions established by the Issuer.
- 

**EXECUTION**

IN WITNESS WHEREOF, WORLD BLOCKCHAIN TRUST INFRASTRUCTURE FUND I, LP has caused this RALI™ Registry-Anchored Legal Identity Infrastructure Note to be duly executed on the date specified herein.
